

MU-53HNS Unidirectional Headworn Microphone

Features

- The unidirectional capsule unit reduces environmental noise, increases the S/N ratio and improves sound clarity.
- Flexible and durable headset frames with comfortable, soft ear-hooks. Available in two sizes for a secure, comfortable and ideal fit.
- High dynamic range and low distortion.
- The microphone boom is easily detachable from the frame and can be worn on the left or right side of the frame.
- The boom holder is fully rotatable so as to make adjustments in length, direction and angle for precise and optimum capsule positioning.
- Standard MIPRO Mini XLR plug, and other plug types can be requested upon availability.
