

MA-708EXP

Passive Extension Speaker

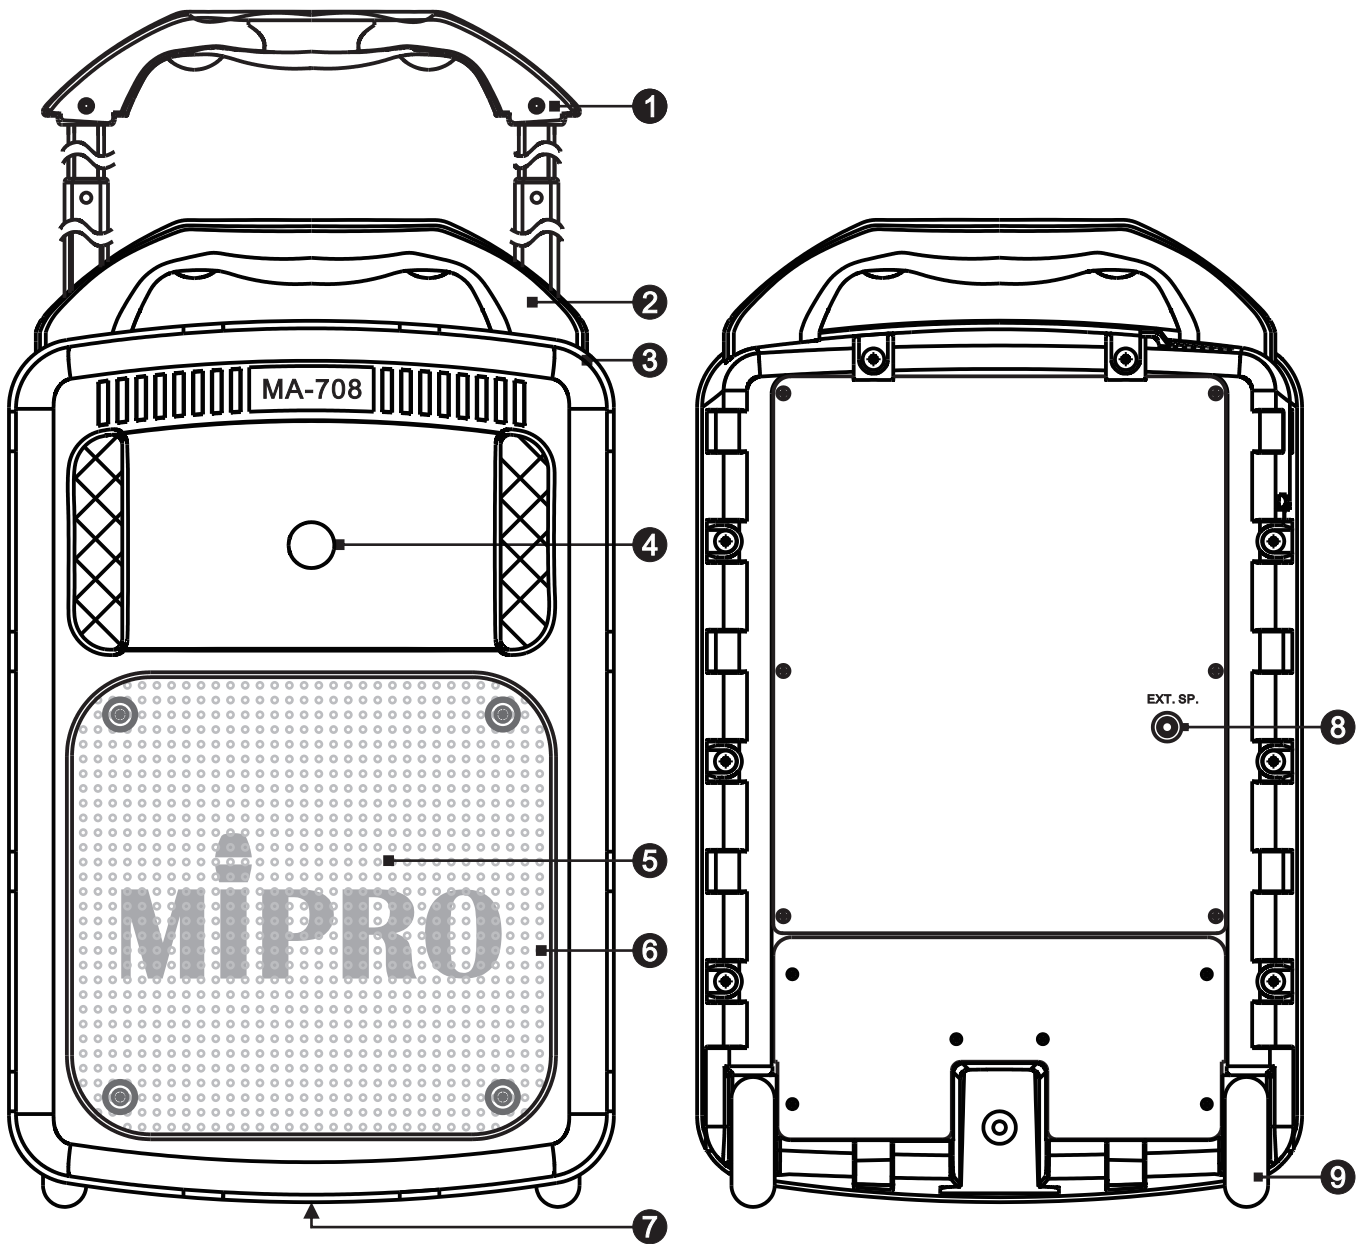

User Guide

## I. Parts Name

Front Panel

Rear Panel

- ① Retractable Handle
- ② Fixed Carry Handle
- ③ Microphone storage Compartment
- ④ Treble Speaker
- ⑤ Bass Speaker

- ⑥ Speaker Grille
- ⑦ Tripod
- ⑧ Extension Speaker Input Jack
- ⑨ Trolley Wheels

## II. Helpful Operating Tips

1. **Retractable Handle:** Push the handle upward from the space on the rear center to retrieve retractable handle. Push downward to store the retractable handle.
2. **Fixed Carry Handle:** For balanced, easy hand carrying.
3. **Microphone Storage Compartment:** A handy storage compartment for your handheld or bodypack transmitters.
4. **Tripod ⑦:** There is a tripod mating socket mounted in the base of the MA-708 to accommodate a 35 Ø tripod stand.
5. **Extension Speaker Input Jack:** Accepts output from the EXT. SP. Jack of MA-708.
6. The MA-708EXP passive extension speaker has compression driver 30 watts /6Ω and woofer 120 watts /4Ω speakers. Do not allow the speaker cables to short and touch metal parts as it could damage the system amplifier.
7. Refer to the actual product in the event of product description discrepancy.

### Disposal

Dispose of any unusable devices or batteries responsibly and in accordance with any applicable regulations.

Disposing of used batteries with domestic waste is to be avoided!

Batteries/NiCad cells often contain heavy metals such as cadmium(Cd), mercury(Hg) and lead(Pb) that makes them unsuitable for disposal with domestic waste. You may return spent batteries/accumulators free of charge to recycling centres or anywhere else batteries/accumulators are sold.

**2005-08-13**

By doing so, you contribute to the conservation of our environment!

This symbol indicates that dangerous voltage constituting a risk of electric shock is present within this unit.

This symbol indicates that there are important operating and maintenance instructions in the literature accompanying this unit.

## IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarised or ground plug: A polarised plug has two blades with one wider than the other. The wide blade is provided for your safety. When the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plug, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with a cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
16. Apparatus should not be exposed to dripping or splashing and no objects filled with liquids, should be placed on the apparatus.
17. Use only with the battery which specified by manufacturer.
18. The power supply cord set is to be the mains disconnected device.
